TEN PAGES, TODAY

COUNTY QUOTA TO BE NEAR \$700,000

Estimated That it Will be Approx-
imately 13 Percent of Estimated
Bank Resources

INTEREST RATE WILL BE 4 1/2

New Forms for Canvassers Received
And Will be Explained at Con-
ference Here Tomorrow

The announcement of Secretary
Glass today that the Victory Liberty
loan issue will amount to \$4,500,000
means that Rush county's quota will
be approximately \$700,000, al-
though the official allotment by the
state chairman, Will H. Wade, has
not been made.

This estimated quota for the
county is \$300,000 less than the
quota which the people of Rush
county oversubscribed in the Fourth
Liberty loan campaign, and leaders
of the last drive for bond sub-
scribers are optimistic over the pros-
pects of passing the goal handily.

The definite announcement of the
amount of the loan, together with
the other details regarding the is-
sue, will make it possible for county
workers to make final plans for the
opening of the campaign next Mon-
day, when they meet in a confer-
ence in the sheriff's office in the
court house tomorrow afternoon at
1:30 o'clock.

Forms to be used by canvassers
in taking subscriptions have been
received by T. M. Green, director of
sales in the county, and will be ex-
plained at the conference by Will M.
Sparks, director of sales in Rush-
ville township. They are similar to
the forms used in the Fourth cam-
paign.

The amount of Rush county's
quota was arrived at by taking
thirteen percent of the estimated
bank resources of the county. This
it is believed, gives the approximate
quota, because the state chairman
said that the district quota was thir-
teen percent of the resources of the
banks of the sixty-eight Indiana
counties in the seventh federal re-
serve district. It is doubly certain
that the allotment will be in the
neighborhood of \$700,000 because
when the bond total for the nation
was \$6,000,000, Rush county's share
was \$1,000,000.

Terms of the Victory Liberty
Loan were announced by Secretary
Glass as follows:

Amount \$4,500,000,000, over sub-
scriptions to be rejected.

Interest, 4 1/2 per cent for partial.

LARGE CROWD ATTENDS BEN DAVIS DEDICATION

Total Subscriptions Amount to \$5-
705, Which Represent an Over-
subscription of \$705

3 MEETINGS AND A DINNER

A large crowd attended the de-
dication of the Ben Davis Creek
Christian church yesterday, which
was celebrated with all day services
and with a basket dinner at noon.

The Rev. C. W. Canble, state sec-
retary, addressed the people morn-
ing, afternoon and evening. The
total subscriptions received was \$5-
705, which represented an over-sub-
scription of \$705.

The chief improvement which has
been made to the church is the ad-
dition of a basement. Other im-
provements also are contemplated,
including cement sidewalks and a
well.

Every part of the county was re-
presented in the crowd and there
were members from practically ev-
ery Christian church in the county
present.

GROCERY STORE DESTROYED

Building and Stock Belonging to
William Dugan Burns

The grocery store belonging to
William Dugan in West Eighth street
was completely destroyed Sunday
morning about four o'clock by fire.
The alarm was sent in as soon as
the fire was discovered but by the
time the department arrived on the
scene the blaze had gained such
headway that it was impossible to
save the building. The stock was
completely covered by insurance but
the fixtures and building was not in-
sured. Mr. Dugan was unable to
estimate the loss.

ROBERT N. HINCHMAN EXPIRES HERE SUNDAY

Former Commissioner and Pioneer
Resident of County Dies After
Few Hours Illness

FUNERAL WEDNESDAY AT 2:30

Robert N. Hinchman, age seventy-
six years, former county commis-
sioner, died after a few hours ill-
ness, shortly after noon Sunday, at
his home at the corner of Seventh
and Main streets. He was taken
sick Saturday evening with a severe
pain in his right side, and his con-
dition soon became critical. The ex-
act cause of his illness was not
known and physicians refused to
operate on account of his age.

Mr. and Mrs. Hinchman moved to
Rushville from their farm in Union
township last February and were
just getting established in their new
home. Mr. Hinchman, who was born
and reared in this county, was the
son of Judge James Hinchman, a
pioneer of the county who was the
father of thirteen children.

Besides the widow, Mrs. Jane
Hinchman, he is survived by one
son, Will Hinchman, and three
daughters, Mrs. Tom Ertel, Mrs.
Paul Daubenspeck and Mrs. Will
Gray of this county. He is also
survived by two sisters, Mrs. George
W. Young of this city and Mrs.
Margaret Jones of Clarinda, Iowa,
and two brothers, Jesse of St. Louis,
Mo., and Alvan of this city. The
funeral will be held at the Christian
church here Wednesday afternoon
at 2:30 o'clock by the Rev. L. E.
Brown, with burial in East Hill. Mr.
Hinchman was a member of Strang-
town Christian church.

INDIANA LOAN QUOTA PUT AT \$95,454,200

Allotment for State Includes Coun-
ties in Both Seventh and Eighth
Reserve Districts

WELCOME DAY IS ON PROGRAM

(By United Press.)

Indianapolis, Ind., April 24.—Indi-
ana must subscribe \$95,454,200 to
the Victory Loan, it became known
today. This total includes the north-
ern Indiana counties of the seventh
federal reserve district and those
counties in southern Indiana in the
eighth district.

The northern counties are slated
to subscribe \$81,562,500 and the
southern counties \$13,891,700.
Headquarters for the two districts
are Chicago and St. Louis respec-
tively.

It was announced that plans were
progressing at full speed for Wel-
come day when the Hoosier fighters
of the 150th Field Artillery, Rainbow
division, leaves the train in Indiana
to receive their discharges.

An airplane flew over Rushville
Sunday, traveling at a high rate of
speed. It was going east, high in
the air, and was witnessed by scores

GRATIFIED OVER NEWEST OPINION

Farmers and Others Interested in
Good Roads Glad Because of
New Turn of Affairs

NEW LAW IS BELIEVED SAFE

Local Attorneys Informed Bond Is-
sues For Highways Under County
Unit Law Will be Passed

Farmers and others interested in
permanent road improvement are
gratified over the ruling of the at-
torney general which removes the
uncertainty surrounding the provi-
sions of the county unit road law,
and are now confident that some of
the eleven petitions which have
been filed under the law, will be
acted upon favorably.

The opinion of the attorney gen-
eral, which harmonizes the Beard-
sley act and the county unit law
that were thought to be in conflict,
is expected to remove the necessity
of calling a special session of the
legislature or taking a test case to
the supreme court, either of which
procedure would delay taking the
necessary steps under the new law
to get permanent trunk line high-
ways under way.

Even this action on the part of
the attorney general has not aroused
the hopes of good roads advocates
so much as the ruling a few days
ago to the effect that it was not
necessary for the state board of tax
commissioners to pass on bond is-
sues for roads to be constructed un-
der the county unit law. The attor-
ney general held that the money
raised to build roads under the law
should not be regarded as a tax levy
but merely as an assessment made
to make possible a public improve-
ment. This construction of law re-
moves the authority of the state tax
commissioners over road bond is-
sues.

One Rushville attorney who has
acted in a legal capacity for the
petitions for a number of the roads
asked for under the county law, was
in Indianapolis Saturday investigat-
ing this angle of the case. He was
informed by two firms of attorneys
who pass on ninety percent of the
road bond issues in Indiana, that
bonds issued for the construction of
roads under the new law would be
passed in accordance with the opin-
ion of the attorney general. This
was a matter on which the local at-
torney desired to be clear because
he and other lawyers, as well as the
petitioners, wanted to know if the
bonds could be sold after the pre-
liminary steps were taken to get
permanent highways.

The latest construction placed on
the county unit law by the attorney
general is to the effect that the
township trustees will still keep the
roads under their jurisdiction, in re-
pair, as has been the custom, with
the exception that the county com-
missioners will have general super-
vision over the work. According to
this ruling, the trustees will not
have to pay the money in their road
maintenance fund over to the com-
missioners, as it was formerly be-
lieved would be necessary.

38 KILLED; 100 WOUNDED

(By United Press.)

Cairo, April 14.—Casualties re-
sulting from riots in the last forty-
eight hours total 38 killed and 100
wounded, it was officially announced
today. In Alexandria troops fired
into a mob killing 20 and wounding
many.

Tokio, April 14.—Street demon-
strations throughout Corea devel-
oped into violent riots, the war of-
fice announced today. Six additional
batteries of Japanese troops have
been sent to Corea to assist in hand-
ling the situation.

TREATY LIKELY TO BE DONE APRIL 25

Reported Lloyd George Was Inform-
ed He May so Tell Parliament,
on Leaving Paris Today

CONFERENCE NEARING END

President Wilson Expected to Make
Statement Today Outlining
Progress Made Thus Far

(By United Press.)

London, April 14.—The Paris cor-
respondent of the Mail reported to-
day that France will get 55 percent
of the total reparation collected
from Germany.

Rome, April 14.—Italian corres-
pondents in Paris are severely criti-
cizing the proceedings of the peace
conference, especially the Anglo-
American attitude toward Fiume.
They said the Premier Orlando
would insist that Italy be awarded
Fiume.

Paris, Apr. 14.—President Wilson
was expected to make a statement
today outlining the progress of the
peace conference and showing the
work is nearly completed.

The Big Four met unexpectedly
last night for the purpose of reach-
ing an agreement on certain details
that would permit Premier Lloyd
George to leave for London today.
The premier requested information
regarding a definite date for inviting
the German delegates to Versailles
that he might inform parliament. It
is understood he was told April 25.

Lloyd George will be called upon
to explain why the agreement re-
garding reparation does not include
provisions for Germany to pay the
entire cost of the war, when he
faces parliament tomorrow.

Lloyd George, leaving for London
today, said that "everything is go-
ing ahead" and that he is "well
pleased with what has been accom-
plished."

INLOW AND ELDER WIN JURY VERDICT

Awarded \$60 as Commission Alleged
Due For Selling Farm For John
Gibson For \$3,000

EVIDENCE IS HEARD TODAY

A verdict for \$60, the sum which
they asked, was awarded Inlow and
Elder by a jury in the circuit court
this afternoon, as commission they
alleged was due from John A. Gib-
son, defendant in the suit, whose 10-
acre farm west of the city they sold
to C. M. George for \$3,000. The
jury was out only a few minutes.

Jesse D. Stout has been ordered
by Judge Sparks to pay his wife,
Bessie Stout, whom he is suing for
divorce, \$25 within ten days and
\$10 a week support, and to allow
her to remain in the house where
she now lives.

The case of the state against Ben
Meer, charged with assault and bat-
tery with intent to kill, has been
nolled.

A motion to quash the writ was
filed Saturday in the habeas corpus
proceedings of W. A. McDonald
against Luther Short, superinten-
dent, and trustees of the Soldiers
and Sailors Orphans' Home. Mc-
Donald is attempting to get his
children out of the home.

HOOSIER UNIT AT BREST

(By United Press.)

Brest, April 14.—The entire Rain-
bow division was expected to arrive
on the steamship Pontanezon from
the front today. Among those to
arrive include Battery F, 150th Field
Artillery of Indiana.

TWO CONTRACTS AWARDED

For Calking Windows and Pointing
up Court House Stone Work

The contract for pointing up the
stone work on the court house was
awarded late Saturday afternoon by
the county commissioners to Phil
Wilk of this city for \$425. Mr. Wilk
was the only bidder.

The contract for calking the win-
dows was given to the Kane Manu-
facturing company of Kane, Penn-
sylvania for \$400. Ed Crosby of
this city also submitted a bid, but it
was higher than that of the Kane
Co.

RUSH COUNTY SOLDIER DIES AT FORT WINGATE

Corporal Merrill Kirkpatrick Suc-
cumbs in New Mexico, According
To Message Today.

CALLED TO COLORS YEAR AGO.

Mr. and Mrs. J. E. Kirkpatrick,
living north of the city, received a
telegram this morning to the effect
that their son, Corp. Merrill Kirk-
patrick was dead in the base hospi-
tal at Fort Wingate, New Mexico. He
was attached to a motor truck com-
pany. Kirkpatrick was well known
in this city and county, having been
a graduate of the local high school
and was a student at Purdue Univer-
sity at the time he was called to the
colors, a year ago this month.

Mr. and Mrs. Kirkpatrick received
a letter from their son a week ago
stating that he was in the hospital,
suffering from the rheumatism but
his condition was not dangerous.
Saturday a telegram was received
stating that he was critically ill, but
that there was no doubt but that he
would recover in a short time, and
this morning the word was received
that informed that he was dead.
The telegram stated also that the
government would ship the remains
to this city and that they would be
escorted by a soldier, upon the re-
ceipt of orders from Mr. Kirkpat-
rick. The exact time is not known
when the body will arrive, but it is
thought that it will be some time to-
morrow.

FLEET BEGINS TO ARRIVE IN NEW YORK

First Units Steam Into Harbor To-
day 24 Hours Ahead of Time—
Bear Scars of Shell Fire

MAYO ON THE PENNSYLVANIA

(By United Press.)

New York, April 14.—Twenty-
four hours ahead of time the Atlan-
tic fleet of 103 war vessels began
steaming into New York harbor to-
day.

The first units were destroyers in
long gray ranks, some of them bear-
ing scars of shell fire from the Ger-
man submarine warfare.

Admiral Mayo who is on the Penn-
sylvania was expected during the
afternoon.

Upon entering, the fighting craft
went to their anchorage in the Hud-
son. Thirty thousand sailors and
marines man the vessels. Most of
them have not seen home since the
war started. Thousands of them will
get a short leave.

Committee Plans to Send Out Soon
Over 16,000 Sets of the
Lessons

Local school officials expect to
receive in a few days a series of ten
thrift lessons to be used in the reg-
ular course of study in the public
schools. The Indiana War Savings
committee has already begun dis-
tribution of the lessons following
the adoption by the state board of
education of a resolution including
thrift in the course of study in all
the public schools.

These lessons will form outlines
to be followed by the teachers, or
remodeled and improved upon by
them as they choose. Each set will
be accompanied by instructions and
a supply of thrift cards for the use
of pupils. These cards somewhat
resemble savings bank deposit cards
and will be used by the pupils to
record their savings.

The War Savings committee plans
to send out soon some 16,000 sets of
the lessons with as many sets of in-
structions. It will also distribute ap-
proximately 500,000 pupils' thrift
cards. E. U. Graff, superintendent
of the Indianapolis school and di-
rector of the committee's educational
division, has already written to all
county and city school superinten-
dents advising them of the commit-
tee's pleasure in cooperating with
the local authorities to make effec-
tive the State Board's resolution. The
text of this resolution to encourage
thriftiness among the children fol-
lows:

"Whereas, The exigencies of the
world war have brought, vividly to
the national consciousness the need
and the value of thrift, and

"Whereas, The United States
government through the national war
savings committee is now requesting

PRaise HEAPED ON MISS HAZEL BENNETT

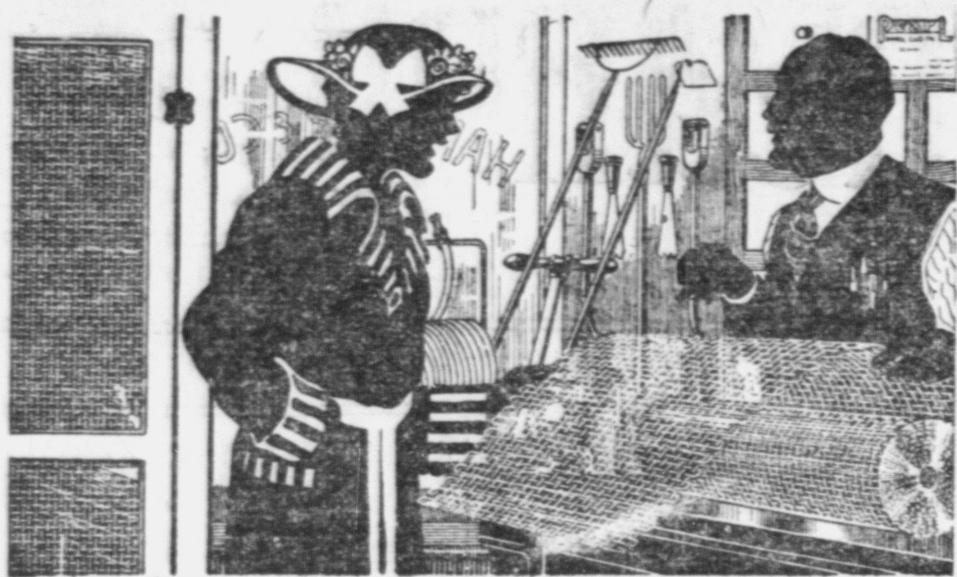

St. Paul's M. E. Church Crowded
With People at Reception in
Honor of Returned Nurse

SHORT TALK IS MADE BY HER

The large attendance and the
praise heaped upon Miss Hazel Ben-
nett, returned nurse, at the recep-
tion in her honor at St. Paul's M.
E. church last night, typified the ap-
preciation of Rush county people
for her extraordinary service per-
formed during the war. The church
was crowded with people; and after
the short program, an informal re-
ception under the auspices of the
Epworth League was held, when ev-
eryone grasped Miss Bennett's hand.
Miss Thrillkill, who served with Miss
Bennett with Base Hospital No. 32,
was among those in the receiving
line.

Miss Bennett spoke about thirty
minutes, describing her experiences
at the front. She emphasized the
unselfishness and "gameness" of the
American soldiers and illustrated
their spirit of self-sacrifice with
several stories. Miss Bennett was
introduced by E. B. Thomas.

Miss Benentt is a member of St.
Paul's church. The church decora-
tions were suggestive of Easter and
punch was served to the guests.

The Reason Why We Sell G & B PEARL

MORE LIVE STOCK PRODUCED

Increase in Pork in West Virginia More Than Million and One-Half Pounds—Silage Is Fed.

(Prepared by the United States Department of Agriculture.)
County agents of West Virginia, in carrying out the program of the United States department of agriculture and the state agricultural college to increase food production, last year encouraged the farmers of the state to keep additional sows, the result being that these sows produced 13,722 pigs, which increased West Virginia's pork production by more than a million and half pounds. The value of good blood in live stock breeding has been one of the things particularly emphasized by the agents and thereby 16,446 cows were bred to registered sires instead of scrubs, which meant an increased value at birth of calves of at least \$164,400. It is estimated.
The agents report that 7,520 cattle were fed silage for the first time last winter with a resultant saving of not less than \$37,600 to their owners. Ewes to the number of 6,895 were bred to registered rams instead of scrubs with a prospective increased value of the lamb crop of upward of \$8,900. Sheep numbering 4,225 and valued at more than \$21,000 were saved from the ravages of parasites through the activities of the various county agents.

Some hog men prefer to hand-feed their pigs during the weaning period.

If we are to continue to eat beef we must exert ourselves to produce more beef cattle.

More pigs are lost between farrowing and weaning than at any other period.

Oats, scattered out thinly to force exercise, are fed to brood sows by many good hog men.

There are a lot of cows in barns that ought to be in tin cans. The cow-testing associations find them.

FARM STOCK

NECESSARY FEED FOR STOCK

Animals Help to Retain Fertility of Soil and Provide Profitable Use for Roughage.

(Prepared by the United States Department of Agriculture.)

Now that farming is to be restored to a peace-time basis, the United States department of agriculture believes that many lands formerly devoted to pasture or meadow but recently used for emergency grain production should be reseeded to grass.

The signing of the armistice found the United States with relatively large supplies of foods and relatively small supplies of feeds, with much land impoverished by having been planted to grain year after year, and with a still

Raise More Dairy Calves—the Nation Needs Them.

Increasing demand for meat and fats. Numbers of all classes of live stock have been maintained. Those of swine and sheep have been increased, the former largely, the latter slightly. But the quantities of forage and pasturage for live stock have been diminished.

Sound agricultural practice demands, the department thinks, the reestablishment of regular and satisfactory rotations so that fertility may be restored and the live stock carrying capacity of the land increased.

Live stock, since it helps to retain fertility on the land, provides a profitable use for large amounts of roughage and gives employment to labor throughout the year, should find a place on a larger number of farms.

Diversified farming should become more general, to the end that each farm shall produce the necessary food for its family and the necessary feed for its live stock.

Loss from preventable plant diseases should be guarded against by seed treatment and spraying.

Harvesting of fruits and vegetables before exposure to frost, and greater care during harvesting, packing, storing, and marketing, are urged, together with continued organized efforts for the prevention and control of diseases of animals.

SHARP REDUCTIONS IN YOUR SHOE BILLS

"A constant 'hiker' over all conditions of roads, my shoes were hard on my feet until I discovered Neolin Soles. And as for wear! Neolin Soles give twice the service of soles I formerly used," writes H. Noyes Collinson, Hazelton, Pa.

This long service means sharp reductions in those big shoe bills, for it is because of worn out soles that most shoes are discarded. Buy Neolin-soled shoes, not only for yourself, but for the whole family, children included. Also, take your old shoes to the resoleman and have them re-bottomed with Neolin Soles.

Remember—Neolin Soles are waterproof, as well as comfortable and long-wearing. They are created by Science to be all that soles should be, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Work on the Abercrombie building in Main street is progressing rapidly and it is thought that within a few more days the old building will all be removed and work started on the new structure.

—Mr. and Mrs. Frank Metcger, of West Seventh street, had as their week-end guests, Meredith and Miss Edith Williams, of Fairland, Ind., and Mrs. Metcger's sister, Miss Berlores Newcomb of Shelbyville.

—Mrs. Owen Kineaid, Mrs. F. W. Parke and son Ernest, Mrs. George Skipton, Mr. and Mrs. Knowles Casady and Mr. and Mrs. W. O. Feulner attended a lecture on Christian Science by Dr. Walton Hubbard of Spokane, Washington, in Shelbyville yesterday.

Days Pickings

The funeral services of Nicholas Westerfield, who died at the home of

his mother in Manila Saturday, were conducted this afternoon at the late residence at 2 o'clock and burial was made in the Manila cemetery with the Rev. W. R. Jinnett in charge.

A marriage license has been issued here to Adaline Matthews and Erasmus D. Buchanan of Ohio county, Indiana.

Mr. and Mrs. Charles F. Wilson announce the birth of a baby girl Sunday afternoon. The baby has been named Majorie Ann.

About one hundred and sixty-five farmers attended the farmers meeting at Manilla last Friday evening. It was one of the most successful farmers meetings ever held. Prof. Austin of Shelbyville was the main speaker for the evening, his address was followed by an illustrated lecture by County Agent East.

Raymond Vredenburg has resigned his position as bookkeeper at the District National Bank at Washington, D. C., and has accepted a position as receiving teller at the National City Bank in Indianapolis. Mr. Vredenburg left yesterday for Indianapolis where he will take up his work today.

Get Off the Sucker List

Are you on the sucker list?
If you are it is probably because you are not a sucker but a patriotic citizen who has known the Liberty Bond to be a good thing.

Get-rich-quick swindles have been the great American sport for years. The sharpers who sell fake stocks saw their game endangered when Uncle Sam started his great Liberty Loan campaigns.

But they are smart—these gentlemen who live by their wits. Instead of complaining they jumped in and put themselves and all their employees to work selling Liberty Bonds.

And they kept lists of the names of the people to whom the Liberty Bonds were sold.

Now those lists, combined, make what the sharks regard as the biggest and best "sucker list" the country ever had. They are even dealing in them—buying and selling them among themselves.

If you have a Liberty Bond or a book of War Savings Stamps you are a "prosper" for fake stock.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "fuzzy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

Your name is on the sucker list of the oily tongued sharper.

You are not to blame for being on the sucker list but it is up to you to get off—away off—that list at your first opportunity.

The American people are paying out some half a billion dollars a year to the support of worthless stock schemes. They reap therefrom \$500,000,000 worth of—thin air.

That is not a guess. It is the figure given by the capital issues committee of the U. S. Treasury. And, the committee assures us that it is conservative.

Moreover, the half billion represents just the cold cash that is turned in every year by otherwise level-headed Americans seeking a milk-and-honey income.

We are glad that Elihu Root has expressed himself on the League of Nations. Whether people agree with him or not, his clear common sense is sure to shed light on any subject it touches.

If the peace conference quarrels where can we look for peace?

The saddest reading in these days is the household expense account.

The 3 3/4 per cent notes, to be issued later, also may be converted subsequently back into 4 3/4 per cent notes.

The 4 3/4 per cent securities are to be exempt from state and local taxation, excepting estate and inheritance taxes, and from normal rates of Federal income taxes. The rate 3 3/4 per cent securities are exempt from all Federal, state and local taxes except state and inheritance taxes.

The size of the loan was much smaller than had been anticipated by most financial observers, who looked for an issue of about \$6,000,000,000, in view of Secretary Glass' past statements that the loan would be five or six billions.

This will be the last Liberty Loan, Secretary Glass explained, although there will be other issues of government securities to finance belated war expenses. These will not be floated by popular campaigns.

None of the past issues of Liberty bonds are convertible into Victory Loan notes, and there are no specific provisions in the terms of the Victory issue serving directly to maintain market prices of past issues.

In many communities the selling campaign already has begun actively without formal acceptance of

Make Work Easier

Rushville People Are Pleased to Learn How it Has Been Done

It's pretty hard to attend to duties with a constantly aching back. With annoying urinary disorders. Doan's Kidney Pills have made work easier.

So thousands have gratefully testified.

They're for bad backs.

They're for weak kidneys.

Rushville people gratefully recommend Doan's.

Mrs. W. A. Wylie, 824 N. Arthur St., Rushville, says: "I have had kidney trouble and I know what a serious complaint it is and how severely one can suffer from it. My trouble began with a dull, dragging pain across my kidneys and over my hips. I was unable to do my housework for a week and was in misery. Others of my family had taken Doan's Kidney Pills with excellent results, so I got some from Lytle's Drug Store. The pain in my back soon disappeared."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wylie had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—(Adv.)

New Parasol Styles Hang Upside Down

By MARGARET ROHE.
(Written for United Press.)

'Twas at the beach, she was a peach,
We had a mild flirtation:
She raised her parasol, her eyes,
My hopes, all with elation.
But soon she closed her parasol,
I sighed, with consternation,
'Twas quite a blow, for then, also,
She closed the conversation.
New York, April 14—It hasn't quite come to rings in the tip of our noses, but at least we will wear 'em in the tips of our ferrules this summer. All of the smartest, newest parasols which we will raise against the sun's rays have these handy rings, so that they will slip over the wrist when the parasol isn't in action and dangle along with the omnipresent bag.

Of course last season the parasols also sported these rings, but then they were attached to the handles. This season, just by way of variety, they have done a flip-flop to the other extreme and, fastened to the tip, they upset all precedent and all parasols by causing them to hang upside down when in repose.

To raise a parasol this summer will be the next best thing to raising a riot—that is, of course, a riot of color—for never have they seemed so gay and festive. Gorgeous plaids and figured silks vie with plain colors of most hectic hues. The flat Chinese shapes are most in favor. Some are just one tiny ruffle after another and some are bordered deeply with silken fringe. One bright green affair has embroidered designs of bright hued wool with a yarn fringe of all the assorted shades. On the airy chiffon models, fringe of the popular ostrich feather flutters palpitate pulehritudiously.

A revival of hand painted parasols promises great success and a new note has been added by introducing the popular metallic touch. A stunning flat black parasol shows a sprawling vine design done in gold paint and a midnight blue is silver leaved. Gay plumed birds and iridescent butterflies fly their painted beauty across ivory ribboned sectors of shimmering silk, and painted blossoms bloom there withered by the scorching sun.

Broad black and white stripes radiate smartly from many an ivory

The Wonderful Call When Baby Comes

Like the Blast of Heavenly Trumpet
When Call of Motherhood Is Felt.

Of all the most vital times in a woman's life the coming of baby is fraught with the greatest meaning. Care should be exercised to insure that the crisis is passed in safety.

Apprehension is avoided by the timely use of Mother's Friend, a preparation of penetrating oils and medicinal ingredients, which renders the muscles, cords, tendons and ligaments pliable, and thus tension is avoided. The usual nervousness, nausea, bearing-down and stretching pains are counteracted and the period is one of calm repose.

The broad, flat abdominal muscles relax with ease, and when baby comes the time at the crisis is less and pain and danger is avoided.

Thousands of women for half a century have used this penetrating external application, prepared especially for expectant mothers, and every woman awaiting the crisis should give nature a helping hand.

Write the Bradfield Regulator Company, Dept. F, Lamar Building, Atlanta, Georgia, for their Motherhood Book, of great value to all women, and obtain a bottle of Mother's Friend from the druggist and begin its application regularly night and morning.

Quaint parasols of calico and English print are made especially, matching up adorable old-time dresses of the same materials. There are gay eretonne and figured linen parasols that belong to this non-silky set and a parasol made from one of those printed Indian bedspreads that you find in every well regulated Bohemian studio and every American peddler's pack raises the newest and most striking note in parasolism up to date.

The old-time all over Spanish and Chantilly lace parasols are coming back too. You know the kind that Grandma carried when she was just a young and flighty creature. Mounted over shimmering satin, they are just the things to wear with our floating silken scarves and book muslin frocks and tiny bonnets.

Of course the stout, stocky, substantial and always smart little hybrid dual element defiers, the bright taffeta umbrella parasols that turn equally fast and impervious colors to the sun and rain, are still found in the best hands and umbrella stands. It is the fluffily feminine and extravagantly impractical charms of the cobwebby lace ones, the "ruffled" silk ones and the hand painted chiffon ones, however, that the majority of fair females are hoisting this summer to keep off the Heavenly golden sun and lure on some golden earthly son.

Easter

The day of days is almost here. Distinction calls for discernment. The little things that mark the difference between Original and Ordinary are not so little as to escape notice; indeed, they are important enough to warrant the most careful consideration of Mauzy's displays. Thus are women assured in the very details of the apparel they select now that superiority that is not superfluity—simplicity that is true art. To the younger set, the lineaments of fashion must be denoted with the liveliness and loveliness of youth. Only intimacy with the mood of youth can thus fitly express its mode; and this is precisely the mission of our Misses' departments.

New Suits Just From Their Wrappings

Mrs. Ruby Petry, Tidings from the Presbyterian meeting will be given by the delegates. All the ladies of the congregation are invited.

Miss Audrey Arnold, daughter of Mr. and Mrs. W. A. Arnold of Salem, Ind., and Sam Scott of this city formerly employed at the I. & C. Traction station, were quietly married Saturday evening at 5:30

o'clock at the home of the bride in the presence of only a few friends and relatives. Melvin Woods, of Arlington and Miss Mary Craig of Greensburg, were the only out-of-town guests.

Mr. and Mrs. Elsa Hillgoss entertained a number of their relatives at a dinner party yesterday at their home southwest of the city. The guests were: Mr. and Mrs. Ora Logan, Mr. and Mrs. D. M. Hillgoss and Mr. and Mrs. Carl Logan and Mrs. Jonas Logan. In the evening Mr. and Mrs. Chase Ruddell and Mr. and Mrs. George Lowden were also guests of Mr. and Mrs. Hillgoss.

Relatives and friends of Mrs. Rue Webb delightfully surprised her yesterday at her home in North Jackson street, with a pitch-in dinner, the occasion being in honor of Mrs. Webb's fiftieth birthday anniversary. The table where the bountiful dinner was served was decorated with a bouquet of sweet peas and covers were laid for Mrs. Charlotte Morris and daughter Georgia, Mr. and Mrs. John Logan, Mr. and Mrs. Robert Gardner of Rushville, Mr. and Mrs. Ben Stevens, Mr. and Mrs. Martin Mahin and daughter Cora and grandson Russell of New Salem, Mrs. Emma Lawson, Mr. and Mrs. Thomas Lawson of Milroy, Mr. and Mrs. Elmer Branam and son Herbert of near Homer, Mr. and Mrs. Forest Webb and son Hugh and Miss Helen Houchins of this city.

DIRECTORS RE-ELECTED

John H. Frazee, R. L. Tompkins and Frank Capp were re-elected directors of the Rushville Co-operative Telephone company at the annual meeting of the stockholders Friday night. The annual financial report was made at that time.

SPRING FEVER

Following Colds, Grippe, Thin, Watery or Poisoned Blood

(By Dr. Valentine Mott.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxic poisons stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic powers of a good alternative and blood purifier. Such a tonic as Dr. Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

Occasionally one should "clean house" with castor oil or tiny pills made up of the May-apple, leaves of aloe and jalap, and sold by almost all druggists in this country as Doctor Pierce's Pleasant Pellets.

Muncie, Ind.—"When I had a severe cough, night sweats, loss of weight and appetite, I was induced (by reading a pamphlet) to try Dr. Pierce's Golden Medical Discovery. I took it faithfully for about 40 days, and gradually I gained; the cough disappeared and I put on flesh and got strong again. I took no other medicine at the time. It did a great deal of good and I shall always feel grateful to Dr. Pierce for this remedy. I have had no cough for 14 years, since I was cured by 'Golden Medical Discovery.'"—Mrs. Lucy McCoy, 512 E. Howard St.

APPROPRIATES TO NURSES \$30,000

War Council Makes Loan to Those Desiring to Take Course in Public Health Nursing.

MAXIMUM AMOUNT IS \$350.

Principal Purpose is to Arrange for Instruction of Nurses Returning From Abroad.

The War Council of the American Red Cross before its resignation appropriated \$30,000 to be used in making loans to nurses desiring to take courses in public health nursing, and in providing scholarships in certain institutions conducting courses in this work.

The maximum amount to be loaned to any one nurse is \$350, and the scholarships which extend over four and eight month periods amount to a maximum of \$300 and \$600 respectively. It is intended that this fund be applied to aid all nurses wishing to take up public health nursing whether they are recruited by Red Cross chapters, through the Red Cross division office, through the national headquarters, or at the Red Cross Bureau of Information in New York. The principal purpose in asking for this sum was to arrange for the instruction of nurses returning from abroad who wished to enter the public health nursing field.

All nurses benefiting by this Red

For Skin Tortures

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The F. W. Rose Co., Cleveland, O.

Cross scholarship fund must agree to serve for one year under the Red Cross Public Health Nursing Service and will be allotted for appointment to the various divisions by national headquarters bureau.

It is hoped that Red Cross chapters will encourage a local graduate nurse to take the course qualifying her for public health nursing by paying the expenses of the course or loaning enough money to finance this education. In this way the services of the nurse will be assured to the chapter when the course is finished.

Public Health nurses will be appointed to chapters by the Lake Division Bureau of Public Health Nursing. Every effort will be made to secure for chapters the nurses they designate provided that these nurses meet Red Cross requirements for service, and are enrolled Red Cross nurses. Chapters are being asked to urge suitable nurses to make application for enrollments with the Red Cross.

QUAKERS IN QUAKERTOWN

Five Year Meeting in One of Most Important Sessions Today

(By United Press.)

Richmond, Ind., April 14.—There were many Quakers in Quakertown when their national governing bodies met here today.

The Five Year Meeting, which is the ruling body of the Quakers of the United States, met in what is said to be one of the most important conventions in years. The meetings will continue four days, during which time the executive committee of the publication board, the executive committee of the Five Year Meeting, the foreign mission board, the home mission board, the bible school board, the prohibition board, the Young Friends board, the associated executive committee on Indiana affairs and the executive committee of the Peace association will assemble.

BOYS GOING TO SCHOOL ON UNCLE SAM'S SHIPS

Navigation School Being Used to Make Seamen Is Idea of The Shipping Board

MERCHANT MARINE SERVICE

Norfolk, Va., April 14.—When the United States S. S. Cruso left Seattle, lumber laden, for Norfolk, she carried a green crew of boys. Five able seamen represented the experienced hands aboard. Before the end of the voyage a number of the once green crew could "shoot the sun," take an azimuth, or figure a sight, the result of navigation classes held enroute.

The navigation school is a ship-boarding idea. The members of the crew made such progress and were so interested in their class work, that interest was stimulated in all their work. Discipline was greatly improved and the ship kept in such condition that at the end of the long voyage, no repairs were necessary.

As soon as the time of sea service required by law is completed, these boys will be entitled to third mate papers and assigned to some ship of the merchant marine service for bridge duty.

MAY 15, LAST DAY TO FILE RETURNS

Organizations And Individuals Advised to Underscore The Date on Calendars.

EXTENDED TIME FROM MAR. 15

Penalty For Failure to Make Return on Time is Fine of not More Than \$1,000.

Organizations and individuals generally are advised by Collector of Internal Revenue Peter J. Krueger to underscore on their calendars May 15, the last day for the filing of returns of information, giving the names and addresses of all individuals to whom payments of salaries, wages, rents, interest, commissions, and other gains, profits and income of \$1,000 or more were paid during the year 1918. An extension of time from March 15 to May 15 was granted by the Commissioner of Internal Revenue for the filing of these returns.

"All employers of labor, whether in large or small numbers, are required to make these returns," said Collector Krueger. "Organizations, such as corporations, companies, partnerships etc., are required to file returns showing the salaries and wages paid to the officers and employees."

"A separate return for each employee whose salary for 1918 was \$1,000 or more is required."

"Banks, trust companies, and similar institutions must make returns of information showing interest paid to, or credited to the account of, an individual if the amount so credited or paid was \$1,000 or more."

"Real estate agents are required to report the gross amounts received in rents or other income and remitted to their principals if such amounts for 1918 were \$1,000 or more. The bill provides that whenever necessary the name and address of the recipient of the income shall be furnished by persons, corporation or partnership paying them. Returns of information must be filed with the Commissioner of Internal Revenue, Sorting Division, Washington, D. C. Collectors of Internal Revenue are not authorized to receive such returns. Form 1099, upon which reports must be made, may be obtained, however, from the offices of collectors."

"Returns of information must be accompanied by a letter of transmittal on Form 1096 showing under oath the aggregate amount of the payments. These forms also may be obtained from collectors."

"The penalty for failure to make a return on time is a fine of not more than \$1,000."

Don't Let Catarrh Drag You into Consumption

Avoid Its Dangerous Stage. There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and the hawking and spitting and other distasteful features. The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications. S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. Get a bottle from your druggist today, and begin the only logical treatment that gives real results. You can obtain special medical advice without charge by writing to Medical Director, 27 Swift Laboratory, Atlanta, Ga.

Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

IND. CROP REPORT FOR APRIL ISSUED

Farmers to Produce 60,000,000 Bu. of Wheat for Victory Production Campaign in 1919.

IF WEATHER REMAINS GOOD

Exceptional Fall Provided Excellent Root Growth to Wheat and Rye Plants.

A wheat crop of approximately 60,000,000 bushels, and a rye crop exceeding 7,000,000 bushels will be the share of the victory production campaign of the Indiana farmers for 1919, if weather conditions continue favorable until harvest time, according to the Indiana crop report for April, issued today by Geo. C. Bryant, field agent, of the Bureau of Crop Estimates, United States Department of Agriculture. The report follows:

An exceptional fall provided an excellent root growth to the wheat and rye plants and they came through the winter in a vigorous condition. While there was some freezing and thawing weather, but little damage has resulted from winter-killing and practically no insect damage has been reported. Although much rain caused nearly all bottom lands in the central and southern sections of the State to be flooded practically no damage resulted. As the waters receded the weather was cool and local showers washed off the plants and left them as bright and vigorous as before. A few warm days and timely showers in the early part of March, which has been exceptionally favorable, started the spring growth and the ground is covered much better than usual at this time of the year. Only the late sown fields show any deficiency and this is not marked. Present condition figures indicate a crop of approximately 60,000,000 bushels for wheat, and 7,000,000 bushels for rye, both of which are far above the average.

In the northern third of the State, where the corn crop was a partial failure, breeding sows have decreased in number compared to last year, while in the central and southern thirds an increase is shown. This leaves the total for the State practically the same as a year ago and is considerably above the usual number on hand at this time. High prices and the scarcity of feed, as well as the high prices paid for hogs, has caused some farmers to sell.

The farm labor supply is much better than last year, but the demand for labor is hardly as great. Much more farm work was accomplished during the winter than usual and the demand for higher wages, better working conditions and more privileges, together with more and better farm machinery has also had a tendency to reduce the demand.

Keep the Children Well

To keep the little ones well, sturdy and happy, free of coughs, colds, croup, little fevers and inflamed throats, use

Foley's Honey and Tar.

It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics.

The prompt use of Foley's Honey and Tar is very helpful for whooping cough, and the restless feverish state that attends children's diseases.

M. T. Davis, Bearsville, W. Va., writes:—"One of my patrons had a small child taken with croup. They came to my store and bought a bottle of Foley's Honey and Tar and before morning the child was entirely recovered."

VICTORY STAMPS ARE NOW ON SALE HERE

Ten Thousand of the New Stamps Received by the Local Postoffice for Immediate Use.

LAW CHANGES FIRST OF JULY

Even mailing a letter reminds one of "Victory" now-a-days for the new Victory stamps are on sale at the local postoffice. The stamps are very artistic, being a little wider than they are deep and the same lavender shade as the regulation 3c stamps. In the background are displayed the flags of the five leading allies.

Ten thousand of the stamps have been received here and according to Postmaster G. P. Hunt, there is a probability that these are the last that will be received. The reason for this, he states, is that each of the postoffices had a large supply of the old three cent stamps on hands to be sold and the new regulation necessitating a two cent stamp on a letter goes into effect the first of July.

AMERICA'S IMMORTALS

GEORGE DILBOY, Private, Company H, 103rd Infantry.

Private Dilboy won the distinguished service cross for conspicuous gallantry near Belleau, France, July 18, 1918. He died from wounds received at that time. After his platoon had gained its objective along a railroad embankment, Private Dilboy, accompanying his platoon leader to reconnoiter the ground beyond, was suddenly fired upon by an enemy machine gun from one hundred yards. From a standing position on the railroad track, fully exposed to view, he opened fire at once, but failing to silence the gun, rushed forward with his bayonet fixed, through a wheat field toward the gun emplacement, falling within twenty-five yards of the gun with his right leg nearly severed above the knee, and with several bullet holes in his body, with undaunted courage, he continued to fire into the emplacement from a prone position, killing two of the enemy and dispersing the rest of the crew. Private Dilboy's home was in Boston, Mass.

What Is Economy?

Progressive farmers insist on our Buckeye or Michigan wire fence. They know that these fences combine the two essential points of a good buy.

First—Their quality is unexcelled. Either the straight stay or hinge lock can be had in an exceptionally durable fence.

Second — The price is very reasonable. Our fence is being sold at an unusually low rate now.

FIRST CASE OF ITS KIND IS HEARD TODAY

Charges of Incompetency Against Township Assessor in Fulton County Are Aired

ASSESSMENTS ARE TOO LOW

(By United Press.)

Indianapolis, Ind., April 14.—State tax commissioners today were to hear charges of incompetency brought against Township Assessor George A. Stockberger by J. W. Byrer, assessor of Fulton county. The case is the first one of the kind under the new tax law.

Stockberger is charged with assessing property at much less than "true cash value," failing to make reports bi-weekly to the county assessor, which reports with others of the county form the basis of reports to the state board, and ignoring instructions given out relative to reports and proper assessment of property.

Should Stockberger be removed, a resident of the same township and of the same political faith must be appointed under the new law, which permits the tax board to remove local officials. Stockberger is a democrat. Byrer wants Vincent Meredith appointed.

In case the board orders Stockberger removed he may appeal from its decision in the circuit court.

Byrer told the tax commissioners that Stockberger had assessed automobiles at \$162, hogs at \$9, horses and mules at \$61, cattle at \$32, sheep at \$10 and household goods at \$41, after he had been instructed to comply with the law.

The Function of The Standard Oil Company (Indiana)

THE Standard Oil Company of Indiana is a great service organization whose chief function is to serve the public well by buying crude oil wherever it may be obtained; by refining it into numberless products, useful, helpful, and necessary to the well-being of the world, and by distributing these products widely, so that they shall be instantly available to the consumer wherever he may live.

Refineries and bulk storage, occupying thousands of acres and representing a cash investment of tens of millions of dollars, are required, to keep the flow of products steady.

Distributing centers from which Standard Oil products are delivered to individual customers are maintained at more than four thousand points in eleven states.

Thousands of motor trucks, which deliver the products to our customers, round out the most complete distribution system in the world.

In addition to these necessities, the Standard Oil Company maintains at all times sufficient additional equipment to meet any emergency. This was proved by the efficient work of the Company during the trying days of the great world war.

Mildred Harris at Princess

Los Angeles is said to contain more beautiful girls than any city in the world. And, by the same token, it is the graveyard of more dead hopes than any city in the world.

The center of this country's moving picture activities, Los Angeles is the Mecca towards which aspirants for screen honors constantly head. Girls, whose foolish heads have been turned by local praise journey to the "City of the Angels"—only to find that thousands of other girls, all just as anxious to appear in motion pictures, and as pretty, or even prettier, have been compelled to take up less romantic pursuits because of the dearth of screen engagements.

One girl, however, who was more fortunate than the rest, is Mildred Harris who is being shown at the Princess theatre tonight and tomorrow in "The Doctor and the Woman," the newest Jewel production, is presented. Fate smiled benignly when Miss Harris arrived at Los Angeles with the result that she obtained a few engagements in the more prominent studios as an "extra."

One factor which stood in the screen aspirant's favor, was her wonderful personality. It was this that attracted the attention of Lois Weber, considered one of the foremost motion picture directors in the country. Miss Weber gave the girl a slight part in one of her features and then, confirming her first impressions of the girl's capabilities, elevated her to stardom in "The Price of a Good Time." So wonderful was Miss Harris' impersonation of Linnie in that picture that the leading role in "The Doctor and the Woman" was given her as a matter of course.

This Jewel is a screen adaptation of Mary Roberts Rinehart's popular novel "K," and is said to be a companion picture to "The Price of a Good Time." True Boardman appears opposite Mildred Harris.

Tenth Episode Tonight

The 10th episode of "The Lure of the Circus," is being shown at the Mystic theatre today. Tomorrow "I'll Say So," featuring George Walsh, is the offering.

George Walsh, as Bill Durham the young patriot, who has the "makings" of a good athlete, pages a recruiting station as soon as Uncle Sam declares war but is rejected, because he has flat feet. He can't get in the war and he can't stay out for he crosses the trail of several of Kaiser Bill's agents who are busily engaged in hatching an unusually fiendish plot.

Bill Durham jumps onto this plot with his customary vim and soon has the dastardly plotters on the run.

Of course there is a girl and she

is in the clutches of the plotters. How George Walsh spoils one of Villa's very best ten-thousand-dollar raids and finally rescues the girl in a whirlwind of action and surprises is cleverly pictured in this exceedingly novel photoplay.

The rapid fire action of George Walsh in "I'll Say So" exceeds anything that this clever young actor has yet produced.

SUPT. E. J. LLEWELYN IMPRESSES TEACHERS

Newcastle School Official, Who Will
be Platform Manager at Next
Chautauqua, Talks at Institute

IS AN ELOQUENT SPEAKER

The teachers' institute held by the public schools of the city last Saturday was one of the best ever held here. The morning session was devoted to the discussion of the topics, "Educating the Feeling," "Levels of Learning," and "The Learning Process." The afternoon session was given over to addresses. The first was a talk upon the subject, "The Education of the Illiterate Soldier" by F. O. Medsker. This talk was full of information about the methods and success of teaching the soldiers how to write and read their own names. The second was a lecture by Supt. E. J. Llewelyn, of Newcastle, on the subject "Education and Reconstruction."

Mr. Llewelyn is a strong thinker and an eloquent speaker. His address was an eloquent plea for those things essential to reconstruction, with an emphasis upon the part that education has to play in the next few years. Mr. Llewelyn will be on the platform manager at the chautauqua next August and also one of the instructors at the institute. The teachers were highly pleased with his work and predict success of the next county institute and the next chautauqua.

TEN PAGES, TODAY

COUNTY QUOTA TO BE NEAR \$700,000

Estimated That it Will be Approx-
imately 13 Percent of Estimated
Bank Resources

INTEREST RATE WILL BE 4 1/2

New Forms for Canvassers Received
And Will be Explained at Con-
ference Here Tomorrow

The announcement of Secretary
Glass today that the Victory Liberty
loan issue will amount to \$4,500,000
means that Rush county's quota will
be approximately \$700,000, al-
though the official allotment by the
state chairman, Will H. Wade, has
not been made.

This estimated quota for the
county is \$300,000 less than the
quota which the people of Rush
county over-subscribed in the Fourth
Liberty loan campaign, and leaders
of the last drive for bond sub-
scribers are optimistic over the pros-
pects of passing the goal handily.

The definite announcement of the
amount of the loan, together with
the other details regarding the is-
sue, will make it possible for county
workers to make final plans for the
opening of the campaign next Mon-
day, when they meet in a confer-
ence in the sheriff's office in the
court house tomorrow afternoon at
1:30 o'clock.

Forms to be used by canvassers
in taking subscriptions have been
received by T. M. Green, director of
sales in the county, and will be ex-
plained at the conference by Will M.
Sparks, director of sales in Rush-
ville township. They are similar to
the forms used in the Fourth cam-
paign.

The amount of Rush county's
quota was arrived at by taking
thirteen percent of the estimated
bank resources of the county. This
it is believed, gives the approximate
quota, because the state chairman
said that the district quota was thir-
teen percent of the resources of the
banks of the sixty-eight Indiana
counties in the seventh federal re-
serve district. It is doubly certain
that the allotment will be in the
neighborhood of \$700,000 because
when the bond total for the nation
was \$6,000,000, Rush county's share
was \$1,000,000.

Terms of the Victory Liberty
Loan were announced by Secretary
Glass as follows:

Amount \$4,500,000,000, over sub-
scriptions to be rejected.

Interest, 4 1/2 per cent for partial-

ROBERT N. HINCHMAN EXPIRES HERE SUNDAY

Former Commissioner and Pioneer
Resident of County Dies After
Few Hours Illness

FUNERAL WEDNESDAY AT 2:30

Robert N. Hinchman, age seventy-
six years, former county commis-
sioner, died after a few hours ill-
ness, shortly after noon Sunday, at
his home at the corner of Seventh
and Main streets. He was taken
sick Saturday evening with a severe
pain in his right side, and his con-
dition soon became critical. The ex-
act cause of his illness was not
known and physicians refused to
operate on account of his age.

Mr. and Mrs. Hinchman moved to
Rushville from their farm in Union
township last February and were
just getting established in their new
home. Mr. Hinchman, who was born
and reared in this county, was the
son of Judge James Hinchman, a
pioneer of the county who was the
father of thirteen children.

Besides the widow, Mrs. Jane
Hinchman, he is survived by one
son, Will Hinchman, and three
daughters, Mrs. Tom Ertel, Mrs.
Paul Daubenspeck and Mrs. Will
Gray of this county. He is also
survived by two sisters, Mrs. George
W. Young of this city and Mrs.
Margaret Jones of Clarinda, Iowa,
and two brothers, Jesse of St. Louis,
Mo., and Alvan of this city. The
funeral will be held at the Christian
church here Wednesday afternoon
at 2:30 o'clock by the Rev. L. E.
Brown, with burial in East Hill. Mr.
Hinchman was a member of String-
town Christian church.

INDIANA LOAN QUOTA PUT AT \$95,454,200

Allotment for State Includes Coun-
ties in Both Seventh and Eighth
Reserve Districts

WELCOME DAY IS ON PROGRAM

(By United Press.)
Indianapolis, Ind., April 24.—Indi-
ana must subscribe \$95,454,200 to
the Victory Loan, it became known
today. This total includes the north-
ern Indiana counties of the seventh
federal reserve district and those
counties in southern Indiana in the
eighth district.

The northern counties are slated
to subscribe \$81,562,500 and the
southern counties \$13,891,700.
Headquarters for the two districts
are Chicago and St. Louis respec-
tively.

It was announced that plans were
progressing at full speed for Wel-
come day when the Hoosier fighters
of the 150th Field Artillery, Rainbow
division, leaves the train in Indiana
to receive their discharges.

An airplane flew over Rushville
Sunday, traveling at a high rate of
speed. It was going east, high in
the air, and was witnessed by scores

GRATIFIED OVER NEWEST OPINION

Farmers and Others Interested in
Good Roads Glad Because of
New Turn of Affairs

NEW LAW IS BELIEVED SAFE

Local Attorneys Informed Bond Is-
sues For Highways Under County
Unit Law Will be Passed

Farmers and others interested in
permanent road improvement are
gratified over the ruling of the at-
torney general which removes the
uncertainty surrounding the provi-
sions of the county unit road law,
and are now confident that some of
the eleven petitions which have
been filed under the law, will be
acted upon favorably.

The opinion of the attorney gen-
eral, which harmonizes the Beard-
sley act and the county unit law
that were thought to be in conflict,
is expected to remove the necessity
of calling a special session of the
legislature or taking a test case to
the supreme court, either of which
procedure would delay taking the
necessary steps under the new law
to get permanent trunk line high-
ways under way.

Even this action on the part of
the attorney general has not aroused
the hopes of good roads advocates
so much as the ruling a few days
ago to the effect that it was not
necessary for the state board of tax
commissioners to pass on bond is-
sues for roads to be constructed un-
der the county unit law. The attor-
ney general held that the money
raised to build roads under the law
should not be regarded as a tax levy
but merely as an assessment made
to make possible a public improve-
ment. This construction of law re-
moves the authority of the state tax
commissioners over road bond is-
sues.

One Rushville attorney who has
acted in a legal capacity for the
petitions for a number of the roads
asked for under the county law, was
in Indianapolis Saturday investigat-
ing this angle of the case. He was
informed by two firms of attorneys
who pass on ninety percent of the
road bond issues in Indiana, that
bonds issued for the construction of
roads under the new law would be
passed in accordance with the opin-
ion of the attorney general. This
was a matter on which the local at-
torney desired to be clear because
he and other lawyers, as well as the
petitioners, wanted to know if the
bonds could be sold after the pre-
liminary steps were taken to get
permanent highways.

The latest construction placed on
the county unit law by the attorney
general is to the effect that the
township trustees will still keep the
roads under their jurisdiction, in re-
pair, as has been the custom, with
the exception that the county com-
missioners will have general super-
vision over the work. According to
this ruling, the trustees will not
have to pay the money in their road
maintenance fund over to the com-
missioners, as it was formerly be-
lieved would be necessary.

38 KILLED; 100 WOUNDED

(By United Press.)
Cairo, April 14.—Casualties re-
sulting from riots in the last forty-
eight hours total 38 killed and 100
wounded, it was officially announced
today. In Alexandria troops fired
into a mob killing 20 and wounding
many.

RIOTING IN COREA

(By United Press.)
Tokio, April 14.—Street demon-
strations throughout Corea devel-
oped into violent riots, the war of-
fice announced today. Six additional
batteries of Japanese troops have
been sent to Corea to assist in hand-
ling the situation.

TREATY LIKELY TO BE DONE APRIL 25

Reported: Lloyd George Was Inform-
ed He May so Tell Parliament,
on Leaving Paris Today

CONFERENCE NEARING END

President Wilson Expected to Make
Statement Today Outlining
Progress Made Thus Far

(By United Press.)
London, April 14.—The Paris cor-
respondent of the Mail reported to-
day that France will get 55 percent
of the total reparation collected
from Germany.

Rome, April 14.—Italian corres-
pondents in Paris are severely cri-
ticizing the proceedings of the peace
conference, especially the Anglo-
American attitude toward Fiume.
They said the Premier Orlando
would insist that Italy be awarded
Fiume.

Paris, Apr. 14.—President Wilson
was expected to make a statement
today, outlining the progress of the
peace conference and showing the
work is nearly completed.

The Big Four met unexpectedly
last night for the purpose of reach-
ing an agreement on certain details
that would permit Premier Lloyd
George to leave for London today.
The premier requested information
regarding a definite date for inviting
the German delegates to Versailles
that he might inform parliament. It
is understood he was told April 25.

Lloyd George will be called upon
to explain why the agreement re-
garding reparation does not include
provisions for Germany to pay the
entire cost of the war, when he
faces parliament tomorrow.

Lloyd George, leaving for London
today, said that "everything is go-
ing ahead" and that he is "well
pleased with what has been accom-
plished."

INLOW AND ELDER WIN JURY VERDICT

Awarded \$60 as Commission Alleged
Due For Selling Farm For John
Gibson For \$3,000

EVIDENCE IS HEARD TODAY

A verdict for \$60, the sum which
they asked, was awarded Inlow and
Elder by a jury in the circuit court
this afternoon, as commission they
alleged was due from John A. Gib-
son, defendant in the suit, whose 10-
acre farm west of the city they sold
to C. M. George for \$3,000. The
jury was out only a few minutes.

Jesse D. Stout has been ordered
by Judge Sparks to pay his wife,
Bessie Stout, whom he is suing for
divorce, \$25 within ten days and
\$10 a week support, and to allow
her to remain in the house where
she now lives.

The case of the state against Ben
Meer, charged with assault and bat-
tery with intent to kill, has been
nolled.

A motion to quash the writ was
filed Saturday in the habeas corpus
proceedings of W. A. McDonald
against Luther Short, superinten-
dent, and trustees of the Soldiers
and Sailors Orphans' Home. Mc-
Donald is attempting to get his
children out of the home.

HOOSIER UNIT AT BREST

(By United Press.)
Brest, April 14.—The entire Rain-
bow division was expected to arrive
on the steamship Pontanezon from
the front today. Among those to
arrive include Battery F, 160th Field
Artillery of Indiana.

TWO CONTRACTS AWARDED

For Calking Windows and Pointing
up Court House Stone Work

The contract for pointing up the
stone work on the court house was
awarded late Saturday afternoon by
the county commissioners to Phil
Wilk of this city for \$425. Mr. Wilk
was the only bidder.

The contract for calking the win-
dows was given to the Kane Manu-
facturing company of Kane, Penn-
sylvania for \$400. Ed Crosby of
this city also submitted a bid, but it
was higher than that of the Kane
Co.

RUSH COUNTY SOLDIER DIES AT FORT WINGATE

Corporal Merrill Kirkpatrick Sue-
cumbs in New Mexico, According
To Message Today.

CALLED TO COLORS YEAR AGO.

Mr. and Mrs. J. E. Kirkpatrick,
living north of the city, received a
telegram this morning to the effect
that their son, Corp. Merrill Kirk-
patrick was dead in the base hospi-
tal at Fort Wingate, New Mexico. He
was attached to a motor truck com-
pany. Kirkpatrick was well known
in this city and county, having been
a graduate of the local high school
and was a student at Purdue Univer-
sity at the time he was called to the
colors, a year ago this month.

Mr. and Mrs. Kirkpatrick received
a letter from their son a week ago
stating that he was in the hospital,
suffering from the rheumatism but
his condition was not dangerous.
Saturday a telegram was received
stating that he was critically ill, but
that there was no doubt but that he
would recover in a short time, and
this morning the word was received
that informed that he was dead.
The telegram stated also that the
government would ship the remains
to this city and that they would be
escorted by a soldier, upon the re-
ceipt of orders from Mr. Kirkpat-
rick. The exact time is not known
when the body will arrive, but it is
thought that it will be some time to-
morrow.

FLEET BEGINS TO ARRIVE IN NEW YORK

First Units Steam Into Harbor To-
day 24 Hours Ahead of Time—
Bear Scars of Shell Fire

MAYO ON THE PENNSYLVANIA

(By United Press.)

New York, April 14.—Twenty-
four hours ahead of time the Atlan-
tic fleet of 103 war vessels began
steaming into New York harbor to-
day.

The first units were destroyers in
long gray ranks, some of them bear-
ing scars of shell fire from the Ger-
man submarine warfare.

Admiral Mayo who is on the Penn-
sylvania was expected during the
afternoon.

Upon entering, the fighting craft
went to their anchorage in the Hud-
son. Thirty thousand sailors and
marines man the vessels. Most of
them have not seen home since the
war started. Thousands of them will
get a short leave.

FAMILY WIPED OUT

Logansport, Ind., April 14.—W.
A. Boone, a farmer living in Miami
Township, this county, his wife and
two children, ages 4 and 6 years,
respectively, constituting his entire
family, were instantly killed near
here Sunday afternoon, when the
automobile in which they were seat-
ed was struck by a Pennsylvania
engine running light.

10 THRIFT LESSONS GIVEN TO SCHOOLS

War Savings Committee Distributes
Large Amount of Material
For Use of Teachers

SENDS INSTRUCTIONS ALSO

Committee Plans to Send Out Soon
Over 16,000 Sets of the
Lessons

Local school officials expect to
receive in a few days a series of ten
thrift lessons to be used in the reg-
ular course of study in the public
schools. The Indiana War Savings
committee has already begun dis-
tribution of the lessons following
the adoption by the state board of
education of a resolution including
thrift in the course of study in all
the public schools.

These lessons will form outlines
to be followed by the teachers, or
remodeled and improved upon by
them as they choose. Each set will
be accompanied by instructions and
a supply of thrift cards for the use
of pupils. These cards somewhat
resemble savings bank deposit cards
and will be used by the pupils to
record their savings.

The War Savings committee plans
to send out soon some 16,000 sets of
the lessons with as many sets of in-

PRAISE HEAPED ON MISS HAZEL BENNETT

St. Paul's M. E. Church Crowded
With People at Reception in
Honor of Returned Nurse

SHORT TALK IS MADE BY HER

The large attendance and the
praise heaped upon Miss Hazel Ben-
nett, returned nurse, at the recep-
tion in her honor at St. Paul's M.
E. church last night, typified the ap-
preciation of Rush county people
for her extraordinary service per-
formed during the war. The church
was crowded with people; and after
the short program, an informal re-
ception under the auspices of the
Epworth League was held, when ev-
eryone grasped Miss Bennett's hand.
Miss Thrillkill, who served with Miss
Bennett with Base Hospital No. 32,
was among those in the receiving
line.

Miss Bennett spoke about thirty
minutes, describing her experiences
at the front. She emphasized the
unselfishness and "gomeness" of the
American soldiers and illustrated
their spirit of self-sacrifice with
several stories. Miss Bennett was
introduced by E. B. Thomas.

Miss Bennett is a member of St.
Paul's church. The church decora-
tions were suggestive of Easter and
punch was served to the guests.

LARGE CROWD ATTENDS BEN DAVIS DEDICATION

Total Subscriptions Amount to \$5-
705, Which Represent an Over-
subscription of \$705

3 MEETINGS AND A DINNER

A large crowd attended the ded-
ication of the Ben Davis Creek
Christian church yesterday, which
was celebrated with all day services
and with a basket dinner at noon.

The Rev. C. W. Cagle, state sec-
retary, addressed the people morn-
ing, afternoon and evening. The
total subscriptions received was \$5-
705, which represented an oversub-
scription of \$705.

The chief improvement which has
been made to the church is the ad-
dition of a basement. Other im-
provements also are contemplated,
including cement sidewalks and a
well.

Every part of the county was re-
presented in the crowd and there
were members from practically ev-
ery Christian church in the county
present.

The Reason Why We Sell G & B PEARL

WE want business. Consequently we must make satisfied customers who come back again and again. The best way we know to make satisfied trade is to sell satisfactory merchandise. That's why we handle G & B PEARL Wire Cloth for screening doors, windows and porches.

G & B PEARL Wire Cloth outwears painted and galvanized cloth by years, simply because it is more rust proof by far than any similar cloth. And you know rust, not wear ruins screens. From every standpoint—wear—economy—looks or cleanliness—G & B PEARL Wire Cloth is the one best buy for screening.

We sell the genuine article with the G & B Round Tag on the roll and 2 Copper Wires in the Selvage.

Increase in Pork in West Virginia More Than Million and One-Half Pounds—Silage Is Fed.

(Prepared by the United States Department of Agriculture.)

County agents of West Virginia, in carrying out the program of the United States department of agriculture and the state agricultural college to increase food production, last year encouraged the farmers of the state to keep additional sows, the result being that these sows produced 13,722 pigs, which increased West Virginia's pork production by more than a million and half pounds. The value of good blood in live stock breeding has been one of the things particularly emphasized by the agents and thereby 16,446 cows were bred to registered sires instead of scrubs, which meant an increased value at birth of calves of at least \$164,400, it is estimated.

The agents report that 7,520 cattle were fed silage for the first time last winter with a resultant saving of not less than \$37,800 to their owners. Ewes to the number of 6,895 were bred to registered rams instead of scrubs with a prospective increased value of the lamb crop of upward of \$8,600. Sheep numbering 4,225 and valued at more than \$21,000 were saved from the ravages of parasites through the activities of the various county agents.

Some hog men prefer to hand-feed their pigs during the weaning period.

If we are to continue to eat beef we must exert ourselves to produce more beef cattle.

More pigs are lost between farrowing and weaning than at any other period.

Oats, scattered out thinly to force exercise, are fed to brood sows by many good hog men.

There are a lot of cows in barns that ought to be in tin cans. The cow-testing associations find them.

FARM STOCK

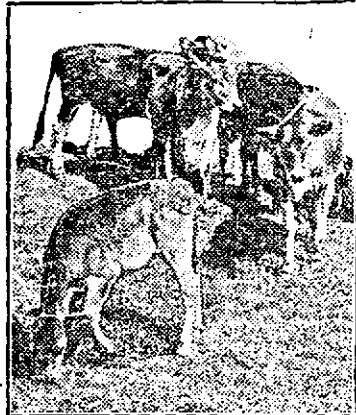

NECESSARY FEED FOR STOCK

Animals Help to Retain Fertility of Soil and Provide Profitable Use for Roughage.

(Prepared by the United States Department of Agriculture.)

Now that farming is to be restored to a peace-time basis, the United States department of agriculture believes that many lands formerly devoted to pasture or meadow but recently used for emergency grain production should be reseeded to grass.

The signing of the armistice found the United States with relatively large supplies of foods and relatively small supplies of feeds, with much land impoverished by having been planted to grain year after year, and with a still

Raise More Dairy Calves—the Nation Needs Them.

Increasing demand for meat and fats.

Numbers of all classes of live stock have been maintained. Those of swine and sheep have been increased, the former largely, the latter slightly. But the quantities of forage and pasturage for live stock have been diminished.

Sound agricultural practice demands, the department thinks, the reestablishment of regular and satisfactory rotations so that fertility may be restored and the live stock carrying capacity of the land increased.

Live stock, since it helps to retain fertility on the land, provides a profitable use for large amounts of roughage and gives employment to labor throughout the year, should find a place on a larger number of farms.

Diversified farming should become more general, to the end that each farm shall produce the necessary food for its family and the necessary feed for its live stock.

Loss from preventable plant diseases should be guarded against by seed treatment and spraying.

Harvesting of fruits and vegetables before exposure to frost, and greater care during harvesting, packing, storing, and marketing, are urged, together with continued organized efforts for the prevention and control of diseases of animals.

DECISION ON REED ACT

Washington, April 14.—The Reed bone dry act does not prohibit transportation of liquor through a dry state, the supreme court decided today.

SHARP REDUCTIONS IN YOUR SHOE BILLS

"A constant 'hiker' over all conditions of roads, my shoes were hard on my feet until I discovered Neolin Soles. And as for wear! Neolin Soles give twice the service of soles I formerly used," writes H. Noyes Collinson, Hazelton, Pa.

This long service means sharp reductions in those big shoe bills, for it is because of worn out soles that most shoes are discarded. Buy Neolin-soled shoes, not only for yourself, but for the whole family, children included. Also, take your old shoes to the repairman and have them re-bottomed with Neolin Soles.

Remember—Neolin Soles are waterproof, as well as comfortable and long-wearing. They are created by Science to be all that soles should be, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

New Parasol Styles Hang Upside Down

By MARGARET ROHE.
(Written for United Press.)

'Twas at the beach, she was a peach,
We had a mild flirtation:
She raised her parasol, her eyes,
My hopes, all with elation.
But soon she closed her parasol,
I sighed, with consternation,
'Twas quite a blow, for then, also,
She closed the conversation.
New York, April 14—It hasn't quite come to rings in the tip of our noses, but at least we will wear 'em in the tips of our ferrules this summer. All of the smartest, newest parasols which we will raise against the sun's rays have these handy rings, so that they will slip over the wrist when the parasol isn't in action and dangle along with the omnipresent bag.

Of course last season the parasols also sported these rings, but then they were attached to the handles. This season, just by way of variety, they have done a flip-flop to the other extreme and, fastened to the tip, they upset all precedent and all parasols by causing them to hang upsid-down when in repose.

To raise a parasol this summer will be the next best thing to raising a riot—that is, of course, a riot of color—for never have they seemed so gay and festive. Gorgeous plaids and figured silks vie with plain colors of most hectic hues. The flat Chinese shapes are most in favor. Some are just one tiny ruffle after another and some are bordered deeply with silken fringe. One bright green affair has embroidered designs of bright hued wool with a yarn fringe of all the assorted shades. On the airy chiffon models, fringe of the popular ostrich feather flutters palpitate pulchritudiously.

A revival of hand painted parasols promises great success and a new note has been added by introducing the popular metallic touch. A stunning flat black parasol shows a sprawling vine design done in gold paint and a midnight blue is silver leaved. Gay plumaged birds and iridescent butterflies fly their painted beauty across ivory ribboned sectors of shimmering silk, and painted blossoms bloom there withered by the scorching sun.

The Wonderful Call When Baby Comes

Like the Blast of Heavenly Trumpet
When Call of Motherhood Is Felt.

Of all the most vital times in a woman's life the coming of baby is fraught with the greatest meaning. Care should be exercised to insure that the crisis is passed in safety. Apprehension is avoided by the timely use of Mother's Friend, a preparation of penetrating oils and medicinal ingredients, which renders the muscles, cords, tendons and ligaments pliable, and thus tension is avoided. The usual nervousness, nausea, bearing-down and stretching pains are counteracted and the period is one of calm repose.

The broad, flat abdominal muscles relax with ease, and when baby comes the time at the crisis is less and pain and danger is avoided. Thousands of women for half a century have used this penetrating external application, prepared especially for expectant mothers, and every woman awaiting the crisis should give nature a helping hand. Write the Braddell Rectifier Company, Dept. F, Lamar Building, Atlanta, Georgia, for their Motherhood Book, of great value to all women, and obtain a bottle of Mother's Friend from the druggist and begin its application regularly night and morning.

Easter

The day of days is almost here. Distinction calls for discernment. The little things that mark the difference between Original and Ordinary are not so little as to escape notice; indeed, they are important enough to warrant the most careful consideration of Mauzy's displays. Thus are women assured in the very details of the apparel they select now that superiority that is not superfluity—simplicity that is true art. To the younger set, the lineaments of fashion must be denoted with the liveliness and loveliness of youth. Only intimacy with the mood of youth can thus fitly express its mode; and this is precisely the mission of our Misses' departments.

Mrs. Ruby Petry. Tidings from the Presbyterian meeting will be given by the delegates. All the ladies of the congregation are invited.

Miss Audrey Arnold, daughter of Mr. and Mrs. W. A. Arnold of Salem, Ind., and Sam Scott of this city formerly employed at the I. & C. Traction station, were quietly married Saturday evening at 5:30

o'clock at the home of the bride in the presence of only a few friends and relatives. Melvin Woods, of Arlington and Miss Mary Craig of Greensburg, were the only out-of-town guests.

Mr. and Mrs. Elsa Hillgoss entertained a number of their relatives at a dinner party yesterday at their home southwest of the city. The guests were: Mr. and Mrs. Ora Logan, Mr. and Mrs. D. M. Hillgoss and Mr. and Mrs. Carl Logan and Mrs. Jonas Logan. In the evening Mr. and Mrs. Chase Ruddell and Mr. and Mrs. George Lowden were also guests of Mr. and Mrs. Hillgoss.

The Young Peoples Christian Union of the First United Presbyterian church was delightfully entertained last Friday evening at the home of Miss Mabel Jessup in West Eighth street. About thirty-five members and friends were present. During the business session two new members were received into the society. At the close of the pleasant evening light refreshments were served.

Relatives and friends of Mrs. Rue Webb delightfully surprised her yesterday at her home in North Jackson street, with a pitch-in dinner, the occasion being in honor of Mrs. Webb's fiftieth birthday anniversary. The table where the bountiful dinner was served was decorated with a bouquet of sweet peas and covers were laid for Mrs. Charlotte Morris and daughter Georgia, Mr. and Mrs. John Logan, Mr. and Mrs. Robert Gardner of Rushville, Mr. and Mrs. Ben Stevens, Mr. and Mrs. Martin Mahin and daughter Corn and grandson Russell of New Salem, Mrs. Emma Lawson, Mr. and Mrs. Thomas Lawson of Milroy, Mr. and Mrs. Elmer Branam and son Herbert of near Homer, Mr. and Mrs. Forest Webb and son Hugh and Miss Helen Houchins of this city.

DIRECTORS RE-ELECTED

John H. Frazee, R. L. Tompkins and Frank Capp were re-elected directors of the Rushville Co-operative Telephone company at the annual meeting of the stockholders Friday night. The annual financial report was made at that time.

SPRING FEVER

Following Colds, Grippe, Throat, Watery or Poisoned Blood

(By Dr. VALENTINE MOY.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxic poisons stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic powers of a good alternative and blood purifier. Such a tonic as druggists have sold for fifty years, is Doctor Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and herbs.

Occasionally one should "clean house" with castor oil or tiny pills made up of the May-apple, leaves of aloe and jalap, and sold by almost all druggists in this country as Doctor Pierce's Pleasant Pellets.

Muncie, Ind.—"When I had a severe cough, night sweats, loss of weight and appetite, I was induced (by reading a pamphlet) to try Dr. Pierce's Golden Medical Discovery. I took it faithfully for about 40 days, and gradually I gained; the cough disappeared and I put on flesh and got strong again. I took no other medicine at the time. It did a great deal of good and I shall always feel grateful to Dr. Pierce for this remedy. I have had no cough for 14 years, since I was cured by 'Golden Medical Discovery.'—Mrs. Lucy McCoy, 512 E. Howard St."

MAY 15, LAST DAY TO FILE RETURNS

Organizations and Individuals Advised to Underscore The Date on Calendars.

EXTENDED TIME FROM MAR. 15

Penalty For Failure to Make Return on Time is Fine of not More Than \$1,000.

Organizations and individuals generally are advised by Collector of Internal Revenue Peter J. Krueger to underscore on their calendars May 15, the last day for the filing of returns of information, giving the names and addresses of all individuals to whom payments of salaries, wages, rents, interest, commissions, and other gains, profits and income of \$1,000 or more were paid during the year 1918. An extension of time from March 15 to May 15 was granted by the Commissioner of Internal Revenue for the filing of these returns.

"All employers of labor, whether in large or small numbers, are required to make these returns," said Collector Krueger. "Organizations, such as corporations, companies, partnerships etc., are required to file returns showing the salaries and wages paid to the officers and employees."

"A separate return for each employee whose salary for 1918 was \$1,000 or more is required."

"Banks, trust companies, and similar institutions must make returns of information showing interest paid to, or credited to the account of, an individual if the amount so credited or paid was \$1,000 or more."

"Real estate agents are required to report the gross amounts received in rents or other income and remitted to their principals if such amounts for 1918 were \$1,000 or more. The bill provides that whenever necessary the name and address of the recipient of the income shall be furnished by persons, corporation or partnership paying them. Returns of information must be filed with the Commissioner of Internal Revenue, Sorting Division, Washington, D. C. Collectors of Internal Revenue are not authorized to receive such returns. Form 1099, upon which reports must be made, may be obtained, however, from the offices of collectors."

"Returns of information must be accompanied by a letter of transmittal on Form 1096 showing under oath the aggregate amount of the payments. These forms also may be obtained from collectors."

"The penalty for failure to make a return on time is a fine of not more than \$1,000."

APPROPRIATES TO NURSES \$30,000

War Council Makes Loan to Those Desiring to Take Course in Public Health Nursing.

MAXIMUM AMOUNT IS \$350.

Principal Purpose is to Arrange for Instruction of Nurses Returning From Abroad.

The War Council of the American Red Cross before its resignation appropriated \$30,000 to be used in making loans to nurses desiring to take courses in public health nursing, and in providing scholarships in certain institutions conducting courses in this work.

The maximum amount to be loaned to any one nurse is \$350, and the scholarships which extend over four and eight month periods amount to a maximum of \$300 and \$600 respectively. It is intended that this fund be applied to aid all nurses wishing to take up public health nursing whether they are recruited by Red Cross chapters, through the Red Cross division office, through the national headquarters, or at the Red Cross Bureau of Information in New York. The principal purpose in asking for this sum was to arrange for the instruction of nurses returning from abroad who wished to enter the public health nursing field.

All nurses benefiting by this Red

For Skin Tortures.

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a meretricious for each application. It is always dependable. The F. W. Ross Co., Cleveland, O.

Cross scholarship fund must agree to serve for one year under the Red Cross Public Health Nursing Service and will be allotted for appointment to the various divisions by national headquarters bureau.

It is hoped that Red Cross chapters will encourage a local graduate nurse to take the course qualifying her for public health nursing by paying the expenses of the course or loaning enough money to finance this education. In this way the services of the nurse will be assured to the chapter when the course is finished.

Public Health nurses will be appointed to chapters by the Lake Division Bureau of Public Health Nursing. Every effort will be made to secure for chapters the nurses they designate provided that these nurses meet Red Cross requirements for service, and are enrolled Red Cross nurses. Chapters are being asked to urge suitable nurses to make application for enrollments with the Red Cross.

QUAKERS IN QUAKERTOWN

Five Year Meeting in One of Most Important Sessions Today

(By United Press.)

Richmond, Ind., April 14.—There were many Quakers in Quakertown when their national governing bodies met here today.

The Five Year Meeting, which is the ruling body of the Quakers of the United States, met in what is said to be one of the most important conventions in years. The meetings will continue four days, during which time the executive committee of the publication board, the executive committee of the Five Year Meeting, the foreign mission board, the home mission board, the bible school board, the prohibition board, the Young Friends board, the associated executive committee on Indiana affairs and the executive committee of the Peace association will assemble.

BOYS GOING TO SCHOOL ON UNCLE SAM'S SHIPS

Navigation School Being Used to Make Seamen Is Idea of The Shipping Board

MERCHANT MARINE SERVICE

Norfolk, Va., April 14.—When the United States S. S. Crusoe left Seattle, lumber laden, for Norfolk, she carried a green crew of boys. Five able seamen represented the experienced hands aboard. Before the end of the voyage a number of the once green crew could "shoot the sun," take an azimuth, or figure a sight, the result of navigation classes held enroute.

The navigation school is a ship-boarding idea. The members of the crew made such progress and were so interested in their class work, that interest was stimulated in all their work. Discipline was greatly improved and the ship kept in such condition that at the end of the long voyage, no repairs were necessary.

As soon as the time of sea service required by law is completed, these boys will be entitled to third mate papers and assigned to some ship of the merchant marine service for bridge duty.

Don't Let Catarrh Drag You into Consumption

Avoid Its Dangerous Stage. There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and the hawking and spitting and other distasteful features. The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications. S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. Get a bottle from your druggist today, and begin the only logical treatment that gives real results. Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter. Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

IND. CROP REPORT FOR APRIL ISSUED

Farmers to Produce 60,000,000 Bu. of Wheat for Victory Production Campaign in 1919.

IF WEATHER REMAINS GOOD

Exceptional Fall Provided Excellent Root Growth to Wheat and Rye Plants.

A wheat crop of approximately 60,000,000 bushels, and a rye crop exceeding 7,000,000 bushels will be the share of the victory production campaign of the Indiana farmers for 1919, if weather conditions continue favorable until harvest time, according to the Indiana crop report for April, issued today by Geo. C. Bryant, field agent, of the Bureau of Crop Estimates, United States Department of Agriculture. The report follows:

An exceptional fall provided an excellent root growth to the wheat and rye plants and they came through the winter in a vigorous condition. While there was some freezing and thawing weather but little damage has resulted from winter-killing and practically no insect damage has been reported. Although much rain caused nearly all bottom lands in the central and southern sections of the State to be flooded practically no damage resulted. As the waters receded the weather was cool and local showers washed off the plants and left them as bright and vigorous as before. A few warm days and timely showers in the early part of March, which has been exceptionally favorable, started the spring growth and the ground is covered much better than usual at this time of the year. Only the late sown fields show any deficiency and this is not marked. Present condition figures indicate a crop of approximately 60,000,000 bushels for wheat, and 7,000,000 bushels for rye, both of which are far above the average.

In the northern third of the State, where the corn crop was a partial failure, breeding sows have decreased in number compared to last year, while in the central and southern thirds an increase is shown. This leaves the total for the State practically the same as a year ago and is considerably above the usual number on hand at this time. High prices and the scarcity of feed, as well as the high prices paid for hogs, has caused some farmers to sell.

The farm labor supply is much better than last year, but the demand for labor is hardly as great. Much more farm work was accomplished during the winter than usual and the demand for higher wages, better working conditions and more privileges, together with more and better farm machinery has also had a tendency to reduce the demand.

Keep the Children Well

To keep the little ones well, sturdy and happy, free of coughs, colds, croup, little fevers and inflamed throats, use **Foley's Honey and Tar.** It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics. The prompt use of Foley's Honey and Tar is very helpful for whooping cough, and the real reason is that it attacks children's diseases. M. T. Davis, Beaverville, W. Va., writes: "One of my patients had a small child taken with croup. They came to my store and bought a bottle of Foley's Honey and Tar and before morning the child was entirely recovered." **F. B. VICTORY STAMPS ARE NOW ON SALE HERE

Ten Thousand of the New Stamps Received by the Local Postoffice for Immediate Use.

LAW CHANGES FIRST OF JULY

Even mailing a letter reminds one of "Victory" now-a-days for the new Victory stamps are on sale at the local postoffice. The stamps are very artistic, being a little wider than they are deep and the same lavender shade as the regulation 3c stamps. In the background are displayed the flags of the five leading allies.

Ten thousand of the stamps have been received here and according to Postmaster G. P. Hunt, there is a probability that these are the last that will be received. The reason for this, he states, is that each of the postoffices had a large supply of the old three cent stamps on hand to be sold and the new regulation necessitating a two cent stamp on a letter goes into effect the first of July.

AMERICA'S IMMORTALS

GEORGE DILBOY, Private, Company H, 103rd Infantry.

Private Dilboey won the distinguished service cross for conspicuous gallantry near Belleau, France, July 18, 1918. He died from wounds received at that time. After his platoon had gained its objective along a railroad embankment, Private Dilboey, accompanying his platoon leader to reconnoiter the ground beyond, was suddenly fired upon by an enemy machine gun from one hundred yards. From a standing position on the railroad track, fully exposed to view, he opened fire at once, but failing to silence the gun, rushed forward with his bayonet fixed, through a wheat field toward the enemy emplacement, falling within twenty-five yards of the gun with his right leg nearly severed above the knee, and with several bullet holes in his body. With undaunted courage, he continued to fire into the emplacement from a prone position, killing two of the enemy and dispersing the rest of the crew. Private Dilboey's home was in Boston, Mass.

FIRST CASE OF ITS KIND IS HEARD TODAY

Charges of Incompetency Against Township Assessor in Fulton County Are Aired

ASSESSMENTS ARE TOO LOW

(By United Press.)

Indianapolis, Ind., April 14.—State tax commissioners today were to hear charges of incompetency brought against Township Assessor George A. Stockberger by J. W. Byrer, assessor of Fulton county. The case is the first one of the kind under the new tax law.

Stockberger is charged with assessing property at much less than "true cash value," failing to make reports bi-weekly to the county assessor, which reports with others of the county form the basis of reports to the state board, and ignoring instructions given out relative to reports and proper assessment of property.

Should Stockberger be removed, a resident of the same township and of the same political faith must be appointed under the new law, which permits the tax board to remove local officials. Stockberger is a democrat. Byrer wants Vincent Meredith appointed.

In case the board orders Stockberger removed he may appeal from its decision in the circuit court.

Byrer told the tax commissioners that Stockberger had assessed automobiles at \$162, hogs at \$9, horses and mules at \$61, cattle at \$32, sheep at \$10 and household goods at \$41, after he had been instructed to comply with the law.

The Function of The Standard Oil Company (Indiana)

THE Standard Oil Company of Indiana is a great service organization whose chief function is to serve the public well by buying crude oil wherever it may be obtained; by refining it into numberless products, useful, helpful, and necessary to the well-being of the world, and by distributing these products widely, so that they shall be instantly available to the consumer wherever he may live.

Refineries and bulk storage, occupying thousands of acres and representing a cash investment of tens of millions of dollars, are required, to keep the flow of products steady.

Distributing centers from which Standard Oil products are delivered to individual customers are maintained at more than four thousand points in eleven states.

Thousands of motor trucks, which deliver the products to our customers, round out the most complete distribution system in the world.

In addition to these necessities, the Standard Oil Company maintains at all times sufficient additional equipment to meet any emergency. This was proved by the efficient work of the Company during the trying days of the great world war.

Mildred Harris at Princess

Los Angeles is said to contain more beautiful girls than any city in the world. And, by the same token, it is the graveyard of more dead hopes than any city in the world.

The center of this country's moving picture activities, Los Angeles is the Mecca towards which aspirants for screen honors constantly head. Girls, whose foolish heads have been turned by local praise journey to the "City of the Angels"—only to find that thousands of other girls, all just as anxious to appear in motion pictures, and as pretty, or even prettier, have been compelled to take up less romantic pursuits because of the dearth of screen engagements.

One girl, however, who was more fortunate than the rest, is Mildred Harris who is being shown at the Princess theatre tonight and tomorrow in "The Doctor and the Woman," the newest Jewel production, is presented. Fate smiled benignly when Miss Harris arrived at Los Angeles with the result that she obtained a few engagements in the more prominent studios as an "extra."

One factor which stood in the screen aspirant's favor, was her wonderful personality. It was this that attracted the attention of Lois Weber, considered one of the foremost motion picture directors in the country. Miss Weber gave the girl a slight part in one of her features and then, confirming her first impressions of the girl's capabilities, elevated her to stardom in "The Price of a Good Time." So wonderful was Miss Harris' impersonation of Linnie in that picture that the leading role in "The Doctor and the Woman" was given her as a matter of course.

This Jewel is a screen adaptation of Mary Roberts Rinehart's popular novel "K," and is said to be a companion picture to "The Price of a Good Time." True Boardman appears opposite Mildred Harris.

Tenth Episode Tonight

The 10th episode of "The Lure of the Circus," is being shown at the Mystic theatre today. Tomorrow "I'll Say So," featuring George Walsh, is the offering.

George Walsh, as Bill Durham the young patriot, who has the "makings" of a good athlete, pages a recruiting station as soon as Uncle Sam declares war but is rejected, because he has flat feet. He can't get in the war and he can't stay out for he crosses the trail of several of Kaiser Bill's agents who are busily engaged in hatching an unusually fiendish plot.

Bill Durham jumps onto this plot with his customary vim and soon has the dastardly plotters on the run.

Of course there is a girl and she

is in the clutches of the plotters. How George Walsh spoils one of Villa's very best ten-thousand-dollar raids and finally rescues the girl in a whirlwind of action and surprises is cleverly pictured in this exceedingly novel photoplay.

The rapid fire action of George Walsh in "I'll Say So" exceeds anything that this clever young actor has yet produced.

SUPT. E. J. LLEWELYN IMPRESSES TEACHERS

Newcastle School Official, Who Will be Platform Manager at Next Chautauqua, Talks at Institute

IS AN ELOQUENT SPEAKER

The teachers' institute held by the public schools of the city last Saturday was one of the best ever held here. The morning session was devoted to the discussion of the topics, "Educating the Feeling," "Levels of Learning," and "The Learning Process." The afternoon session was given over to addresses. The first was a talk upon the subject, "The Education of the Illiterate Soldier" by F. O. Medsker. This talk was full of information about the methods and success of teaching the soldiers how to write and read their own names. The second was a lecture by Supt. E. J. Llewelyn, of Newcastle, on the subject "Education and Reconstruction."

Mr. Llewelyn is a strong thinker and an eloquent speaker. His address was an eloquent plea for those things essential to reconstruction, with an emphasis upon the part that education has to play in the next few years. Mr. Llewelyn will be on the platform manager at the chautauqua next August and also one of the instructors at the institute. The teachers were highly pleased with his work and predict success of the next county institute and the next chautauqua.
